

Frozen Prime Reef Formula

General information

This nutritionally balanced blend of the finest ingredients, like cyclops, rotifers, red plankton, clams, ..., provides an excellent source of pure marine proteins, creating an exciting flavor that tropical reef fish cannot resist !

A natural Frozen Formula Food containing a variety of fresh seafood, garlic, micro-algae, fresh fish and softly binded soluble micronutrients such as vitamins, immunostimulants, carotenoids and attractive natural flavours.

Instructions for use: push out the required amount of cubes into a recipient. Let them defrost, without water, at room temperature during minimum 10 to 15 minutes before feeding. Your fish should be fed 2 to 5 times a day, only feed the amount that your fish will consume within 5 minutes.
