

Nano Reef Fish Food

General information

This high quality slow sinking pellet (+/- 0.95mm) is packed with natural attractants to ensure rapid acceptance. Each pellet contains Spirulina to enhance natural colors, garlic to improve disease resistance and a high HUFA (Highly Unsaturated Fatty Acids) and vitamin content. This soft and moist pellet is ideal for small fish.

The fish should be fed 2 to 3 times per day. Only feed the amount of food that your fish will consume within three minutes.
